

elevate

Learn What the **Top 2%** Are **DOING**

The Other **98%** Are **NOT**

The answer is so much less than you know

Randy Taylor today is the most sought after speakers and trainers in the world of financial services and insurance. In this seminar “Elevate” Randy Taylor will unveil both the structural and psychological changes necessary to create substantive and lasting growth both in your business and personal life. True success is achieving a level of growth in all areas of life.

Elevate contains the key strategies in becoming a peak performer in addition to proven elements of senior practice management. The focus of this keynote is to not only inspire you to know your potential but to also provide actionable steps that will allow you to begin the process.

Taking Your Practice And Life To The Next Level

Learning Objectives:

- To understand and overcome the greatest barrier to success
- The mechanism to stop stopping
- The 867 Factor and the power of compound activity
- Get off the roller coaster-key to producing superior results
- The 5 keys to senior practice management
