

## Most comprehensive cancer protection on the market!

**“I have been diagnosed with this specific type of cancer. Am I covered?”**

**With Desjardins Insurance, the answer is “Yes – and no survival period!”**

Are you looking for critical illness that provides optimum cancer coverage? We recently launched new CI products with exclusive cancer coverages.

- We’re the only insurance company in Canada to **cover all types of cancers\***.
- We’re also the only insurance company in Canada to offer **no survival period for cancer**.

\*Like other insurance providers, life-threatening cancers trigger a 100% payout of the insurance amount. For early-stage and less-severe diagnoses and treatments, an advance payment of 30%, 15% or 1% will be paid, depending on the severity of the diagnosis. For all cancers, the contract has a moratorium period exclusion of three months as per the industry’s standard. For the ones that provide a 1% advance payment, the diagnosis must occur at least one year after the coverage is issued or reinstated.
