The Value of an Exam/Lab Combo

We are your partners in more ways than one. While we are proud to be a leading paramedical provider, you might be surprised to learn we are also the leading insurance laboratory. You receive a number of benefits when your paramedical company also completes your laboratory testing.

- **Comprehensive Services** - In addition to laboratory testing, ExamOne offers comprehensive paramedical, medical, APS and inspection solutions to help simplify the process for you and your applicants.
- **Seamless Process** - There is no hand-off or lag time as things are passed between companies, giving you one point of contact who is accountable through the entire process.
- **Inside Look®** - Our award-winning online results tool available to our laboratory partners provides applicants with a comprehensive view of their health.*

**Availability based on insurance carrier participation.*
